Deliveries to Emerald's pools will be paid on the Bin Grade of each load plus/minus applicable protein, moisture, screenings, test weight increments as per the Emerald rewards matrix for 2011-12. The 'Bin Grade' is the grade in which a delivery is binned at the receival site.

Emerald calculates the deduction/rewards schedule for your payments at the same % as the payment itself. For example: Harvest Advance payment is at 70% therefore all costs/rewards are calculated at 70%, or if Distributions in April are declared at 26% all costs/rewards are calculated at 26%.
